 Subject: Status of binational affairs interview request

Ads

Hi Lisa,

I hope you had a nice weekend.

I'm working on a story about the status of the mayor's border-related efforts and binational affairs office. As I'm sure you're aware, rumors have been swirling about whether Binational Affairs Director Mario Lopez will remain in his post and some are concerned that cross-border cooperation is less of a priority these days given the current dramas facing the city.

I'm hoping to schedule a 10 minute interview with Councilman Alvarez sometime today to talk about these concerns.

Would he be available for a quick interview sometime today?

Please let me know as soon as you're able. The easiest way to reach me is
