Subject: Warranty Replacement of Fields at Mira Mesa, Morse and San Diego HS

Importance: High

Good afternoon Tim:

We have had more time to evaluate the letters your company sent the District relative to you initiating a notice to the District of your need to perform a warranty replacement of the defective fields at Mira Mesa HS, Morse HS and San Diego HS. Additionally, we of course had the letters reviewed by our Legal counsel. Based on certainly those references and perhaps more, we feel that the letters your company provided are redundant in that they seemingly inject a new requirement to the warranty replacement process which is already established within your existing contract. That said, it is felt there is no need for the District to sign any of these letters to have the warranty procedure occur. Please therefore proceed to with your scheduled warranty implementation process as understood under the existing contract. As always, please call me if you have any questions or comments.

Respectfully,

Loren E. Chico, PE, CPSWQ
