Dear Radio Stations:

I have been forwarded a copy of a notice you received from Briggs Law Corporation regarding radio advertising placed on your stations by the San Diego County Taxpayers Association and its related Political Action Committee (SDCTA PAC) against Measure D.

Mr. Briggs, author of Measure D, alleges that SDCTA PAC is a City committee and has not made proper disclosure to the San Diego City Clerk or the California Secretary of State.

As shown on the Statement of Organization which he provided, SDCTA PAC is a County committee. This categorization is not subjective. California's Political Reform Act contains specific calculations which must be made to determine the filing officer and type of committee. The law mandates that these calculations to be done at the end of each quarter.

As of September 30, 2016, the close of the most recent mandated measurement period, SDCTA was a County PAC. The Statement of Organization showing that was filed with and accepted by both the Secretary of State and County of San Diego.

As a County General Purpose Recipient committee, we do not have the filing obligations that Mr. Briggs alleges. We did have a required October 22nd pre-election report which was timely filed and provided to you by Mr. Briggs. This is SDCTA PACs only filing obligation with respect to these expenditures.

Please contact me if you have further questions,

Yours very truly,

C. April Boling, CPA
Treasurer, SDCTA PAC
