Hi,

Not sure why rentals wasn't on the original March 2nd email below but **SDHS has field turf scheduled to resurface balboa stadium July 6th - July 11th. It's a major project and they will need all six days to complete.** They will begin work on Thursday, July 6th and work through Tuesday, July 11th including the weekend. We will need to clear the calendar during this period. I did not realize the scope of the work until speaking with field turf today. I apologize for any inconvenience.

Custodial will be onsite that week. It's too early to know which custodian will be onsite. Let's touch base towards the end of June.

Subject: Field

Hey Rodney -

The week of July 3rd field turf will be at SDHS to buff out the field and possibly do lacrosse lines as well. No one will be able to use the field that week.

Thanks,

Julie Blied

Larry:

Good news.....I was able to get the price down significantly to install Lacrosse lines **at San Diego HS during the remediation / field makeover we discussed**. See attached quote for \$15k and drawing. Original quote to the school was \$34k so this is a nice savings for them ! They will have to deal w the field as is for the upcoming Lacrosse season which is fast approaching. But once we complete this work the field will be like new again so it will be worth it for them.

They likely hold graduation in the stadium correct ? If so, when can we have the field for 10 days after graduation ?

Thanks Larry.
Tim
