Attachments: Madison High School REPL-00012506 (letter of commitment).pdf

Hi Larry:

The start date has been 6-26-17 for some time now.

The agreement is a 'no cost' agreement to replace the field exactly as it is now in terms of markings. So its just a 'formality' that we need a signature on the attachment so we can move the field into production.

Appreciate your attention to this asap.

Thanks Larry.

Dino,

I spoke to our principal and he thinks that this should be something that our district signs off on, so I have copied Larry Jones. He should be able to get things going.

Thanks

Rick Jackson
