Subject: RE: L911 Teamsters MOU

Thanks Stu!

I've met with Chris Webber who is Rick's new boss and shared where we are going.....wanted him to know before I meet one on one with Rick. Also have spoken to Roger about secondary PSAP requirements and our ability to manage all incoming medical calls on the go forward. We will need to work with PD so that only water related emergencies along the coast and bay are forwarded to LG Dispatch. Rescues and Medical responses should be passed by PD to FD.

Rick is out of town all next week, so I will meet with him the following week after briefing City's executive team; to include the Mayor so no one is surprised with the changes that are coming. Also, Rick will become the Deputy Chief of Lifeguard Services and no longer "Lifeguard Chief". He will wear same uniform, badge and collar brass. It will send a pretty clear message to those below him.

Thanks again.
