

Lt. Matt Novak- Narcotics Unit  
San Diego Police Department

# From Colorado to California- Impacts of Recreational Marijuana Laws

# Colorado's Path to Recreational Marijuana

## 2000- Medical Marijuana

- Amendment 20
- Allowed use, cultivation, manufacturing, dispensaries for medical purposes

## 2012 Recreational Marijuana

- Amendment 64
- Personal Use-Possession, Cultivation, Manufacturing
- Commercial – Dispensaries, Manufacturing, Cultivation
- Ability for Cities to OPT OUT
- Denver did not OPT OUT
- Has created a large MJ industry

# Denver Commercial Marijuana

## Licenses

(medical & retail, taxed & regulated)

- Grows (562)
- Stores (351)
- MIPs (134)
- Testing Facilities (7)

Total Licenses = 1054

## Locations

(one location can have multiple licenses)

- Grows (273)
- Stores (213)
- MIPs (84)
- Testing Facilities (7)

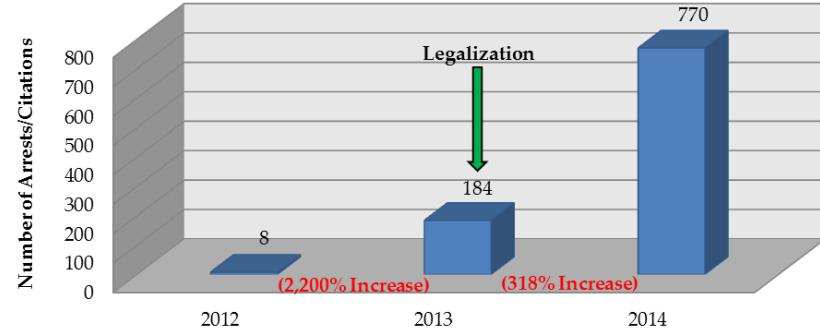

Total Locations = 460

# Denver Personal Use Marijuana

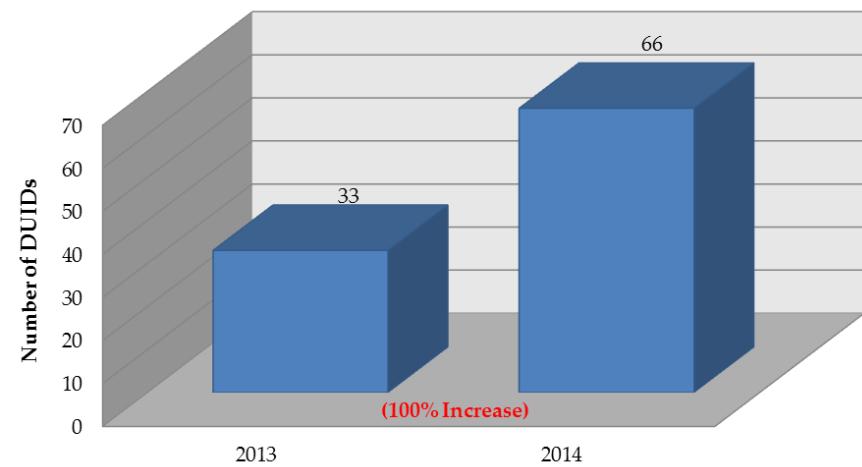

**6 plants  
1 ounce**

**Alcohol based manufacturing  
No public use allowed  
No DUI allowed**

**Denver Police Department  
Unlawful Public Display/Consumption  
of Marijuana**

**Denver Police Department  
Number of DUIDs Involving Marijuana**

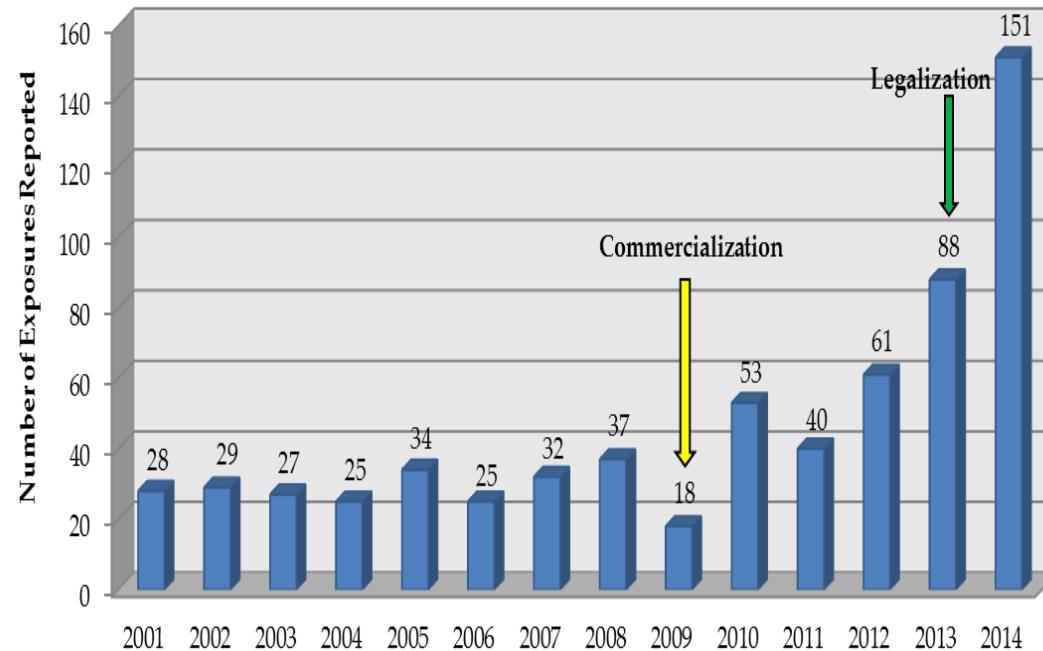

# Impact of Passage of Recreational Marijuana in Colorado

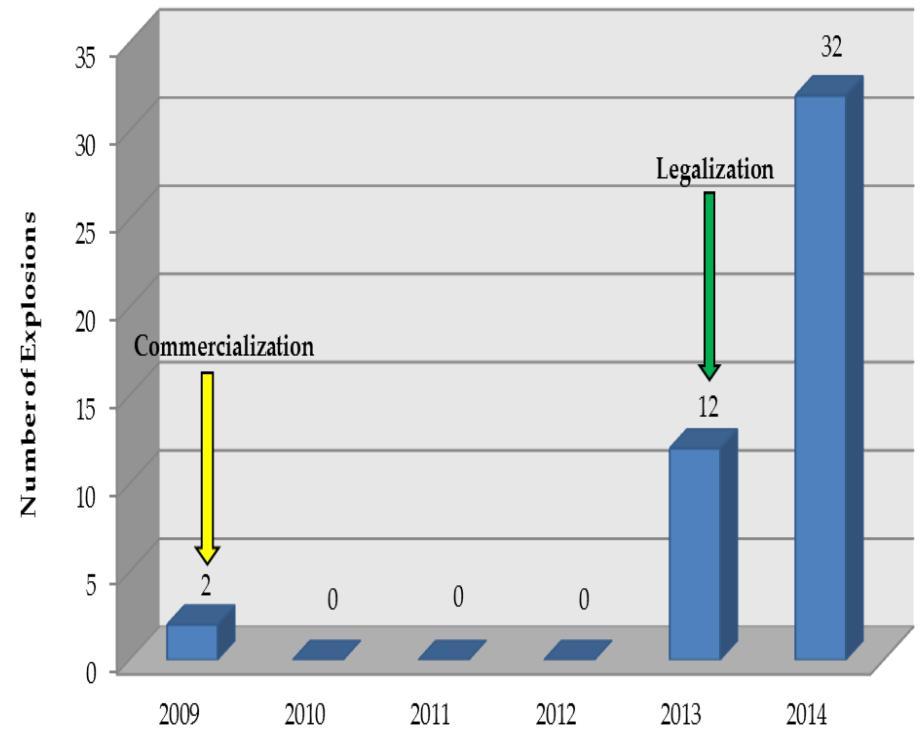

- Increase of Homeless Population
  - Homelessness is up an estimated 153% in Denver
  - Denver has experienced an increase in violent confrontations involving “traveler” populations
- Increase of Tourists attracted to Recreational Marijuana Usage
  - Marijuana Public Consumption Tickets have increased 318% in Denver alone
- Public Health Hazards to Recreational Marijuana
  - Addiction
  - Public Smoking of Marijuana
  - Second Hand Smoke from Marijuana Products
  - DUI Drugs- doubled in Denver
  - Youth Addicted to Marijuana- hospitalizations and ER room stats are up
  - Marijuana Poisoning- issues with edibles and concentrates
- Increase in Violent and Property Crimes- 2012 to 2014 12.5% increase in overall reported crime
- Issues with Marijuana Grows – more than allowed, 211's, pesticides
- Black Market Marijuana
- Manufacturing- explosions, dangerous chemicals
- Increase in City and LE resources- Denver PD – Marijuana Team-9 Detectives and 1 Sgt
- Banking issues- Federally insured, transportation of large amounts of cash

# Social and Health Costs

Number of Exposures Reported for  
Marijuana Only

THC Extraction Lab Explosions

# Lessons Learned

- Opt out or regulate as much as possible
- Data collection is crucial to be able to support the negative impact marijuana has
- Black market and health issues will increase as will the need for resources to deal with them
- Tax Revenues will not cover all the costs
- If commercial marijuana is allowed, have a collaborative approach to deal with the massive MJ industry that will be moving into your city

# The Denver Collaborative Approach

Colorado Amendment 64 was written by lobbyists **without** the collaboration of the state and local government representative or law enforcement.

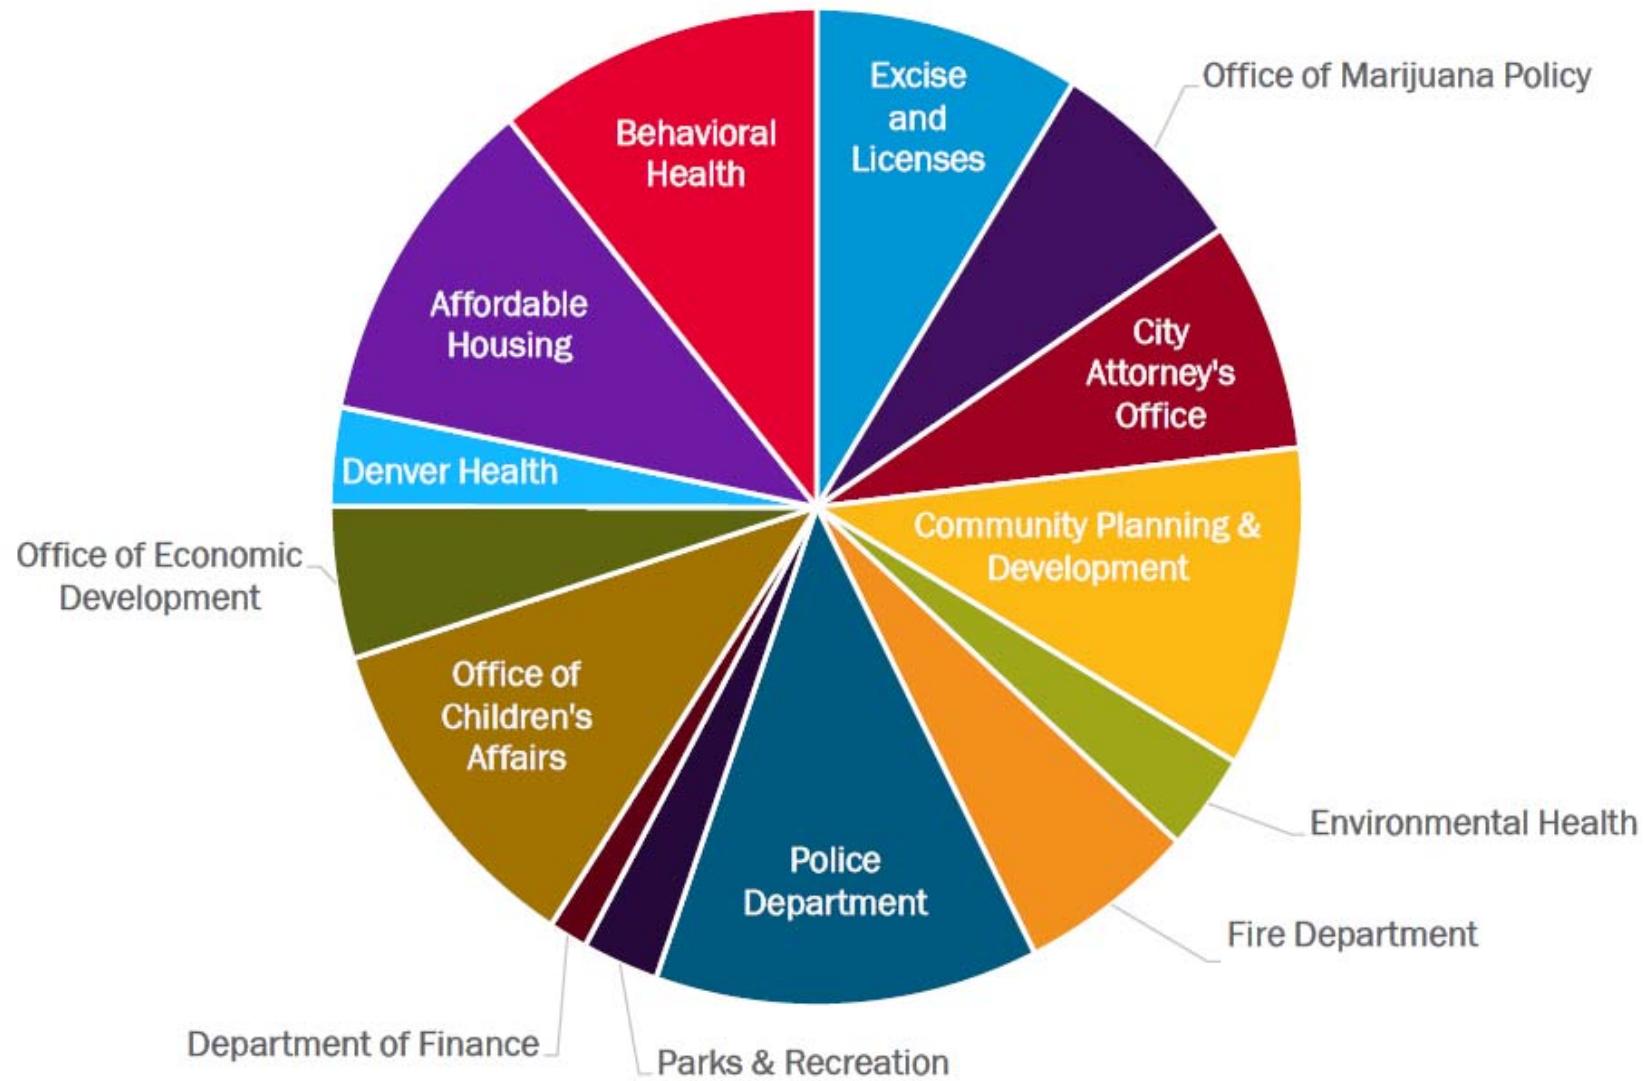

Because the city of Denver voters approved legalized marijuana by 66 % the city leaders decided not to “opt out” of commercial marijuana.

The City of Denver created the **Office of Marijuana Policy** to coordinate a collaborative approach with the many city Departments that deal with Marijuana and to attempted to get a handle on the many issues that arose from allowing commercial marijuana in the city.

Multiple City Departments work collaboratively on the following three priorities:

- o Regulation
- o Enforcement
- o Education

# Denver Dept's Slices of the MJ Pie

# California Adult Use of Marijuana Act (Proposition 64 )

## Personal possession and cultivation (effective Nov 2016)

- Must be over 21
- 6 plants
- 28.5 grams
- 8 grams of concentrates
- Possession is a infraction- even under age of 18
- Sales of Marijuana goes from a felony to misdemeanor

## Commercial Sales, Manufacturing, Cultivation (effective Jan 2018)

- Requires licensing from the State
- If City does not regulate then defaults to Prop 64 requirements

# Steps San Diego Can Take to Limit Effects of Proposition 64

- Prop 64 enables local governments to regulate or ban
  - Personal indoor cultivation and possession (regulate only, no ban)
  - Personal outdoor cultivation
  - All commercial activities including cultivation, manufacturing, testing, retail dispensaries, distribution
  - City must enact ordinances to ban

# Effects on SDPD

- Major revision to Policy and Procedures
- Data collection specific to Marijuana (for both city and region)
- Black market will increase
- Increased training on legalization and enforcement (Academy, AOT)
- Increased DUI Drugs training

# Comments from Colorado Law Enforcement

Denver DA- "Damage to the next generation is going to be incredible"

Head of State Department of Revenue on the regulation and enforcement " gonna take longer, gonna be harder, and gonna take more money"

Denver Police Chief- "It has increased everything we do"

## Comments from Police Chief's in Colorado

Marijuana legalization creates more rather than less law enforcement challenges

Law enforcement faces a new challenge in educating the public on the continuing risks of marijuana

Marijuana cultivations create high risks to law enforcement, growers, residents and communities that are home to cultivation facilities

New production methods can increase the health risks of marijuana use

Youth marijuana use may soon become a public health problem rivaling youth alcohol use
