Subject: Meet w/ CM Gomez
To: Lugo, Brenda <blugo@sandiego.gov>

Good Morning Brenda!

Nice saying hello in person last week. Good to see you all are doing well. I am writing to request a meeting with CP Gomez as some point towards the end of this month to share a presentation with her about a potential project. I have previously introduced the project to CP Gomez as it might raise some interest from an MTS perspective, even though she will not be Chairing MTS, I think it is important to share this information with her.

SDG&E is looking to place a sub-station for energy distribution (NOT a power producing plant) across from the MTS admin building, on the border of Downtown and Barrio Logan. SDG&E is proactively engaging with the community to be responsive to their needs and our hope is that by the end of the month we will have some update of how those conversations are going so that we can inform CP Gomez. The City Council will not be making a decision on this issue, but it is still important for the Councilmember to know about this project given her role in the community.

This meeting can take place either at the Councilmember's office, or in the community. If she prefers the community, I suggest Cafe Virtuoso (1616 National Ave) as it is across the street from the potential project site. The meeting should be about 30 minutes, and will include SDG&E Technical Staff, Clarissa Falcon, myself and potentially Claudia Valenzuela or Vanessa Mapula from SDG&E

I look forward to hearing from you. Thank you!
